- (a) Please indicate below the age coverage of the employed population.
- (b) If data are available for both all jobs and main job, it would be ideal to include both, using separate spreadsheets for each. If data are available for all jobs, then the classification of status in employment relates to the main job. If data are not available for both, the main job is preferred to "main job". For each table, please indicate coverage below.
- (c) Usual hours of work is preferred to actual hours of work. Please indicate below which one is used.
- (d) See definition in the *Instructions for completing the table*.
- (e) Inclusion of contributing (unpaid) family workers is preferred. Please indicate coverage below.
- (f) Complete column for "Total employed" even if separate details are not available for "Paid employee" and "Self-employed".
- (g) Indicate groups if different from the groups requested.

**Please indicate coverage for each item below:**
